501 NE 1st Ave.
Miami

UN LUGAR DONDE
DESEARÁ ESTAR.
UN CENTRO DEL ARTE,
LA CULTURA Y EL
ENTRETENIMIENTO

Con instituciones reconocidas y aclamadas por la crítica, como Perez Art Museum, Frost Museum of Science, FTX Arena, Adrienne Arsht Center y Miami Worldcenter, usted se verá rodeado de una comunidad de arte, cultura y entretenimiento en constante crecimiento. Simplemente, no hay mejor lugar que el corazón de la ciudad.

AEROPUERTO INTERNACIONAL DE MIAMI

Ahora, el Aeropuerto Internacional de Miami ofrece más vuelos a América Latina y al Caribe que cualquier otro aeropuerto estadounidense. Es el tercer aeropuerto más concurrido de Estados Unidos en términos de cantidad de pasajeros internacionales, allí operan más de cien compañías aéreas y es el primer aeropuerto estadounidense de carga internacional. También es el principal motor económico del condado de Miami-Dade y del estado de Florida, ya que genera ingresos comerciales por \$31,900 millones al año y representa el 60 % de todos los visitantes internacionales de Florida.

+46M

DE PASAJEROS ANUALES

PUERTO DE MIAMI

Reconocido mundialmente como la “capital mundial de los cruceros”, es el principal puerto de cruceros del mundo con más de veintitrés compañías navieras de cruceros. El Puerto de Miami es el destino de salida elegido para los cruceros a las Bahamas, el Caribe, México y muchos otros destinos. Está situado en el cruce de las rutas comerciales norte-sur y este-oeste, y enlaza los mercados mundiales con los Estados Unidos

+6.5M

DE PASAJEROS ANUALES

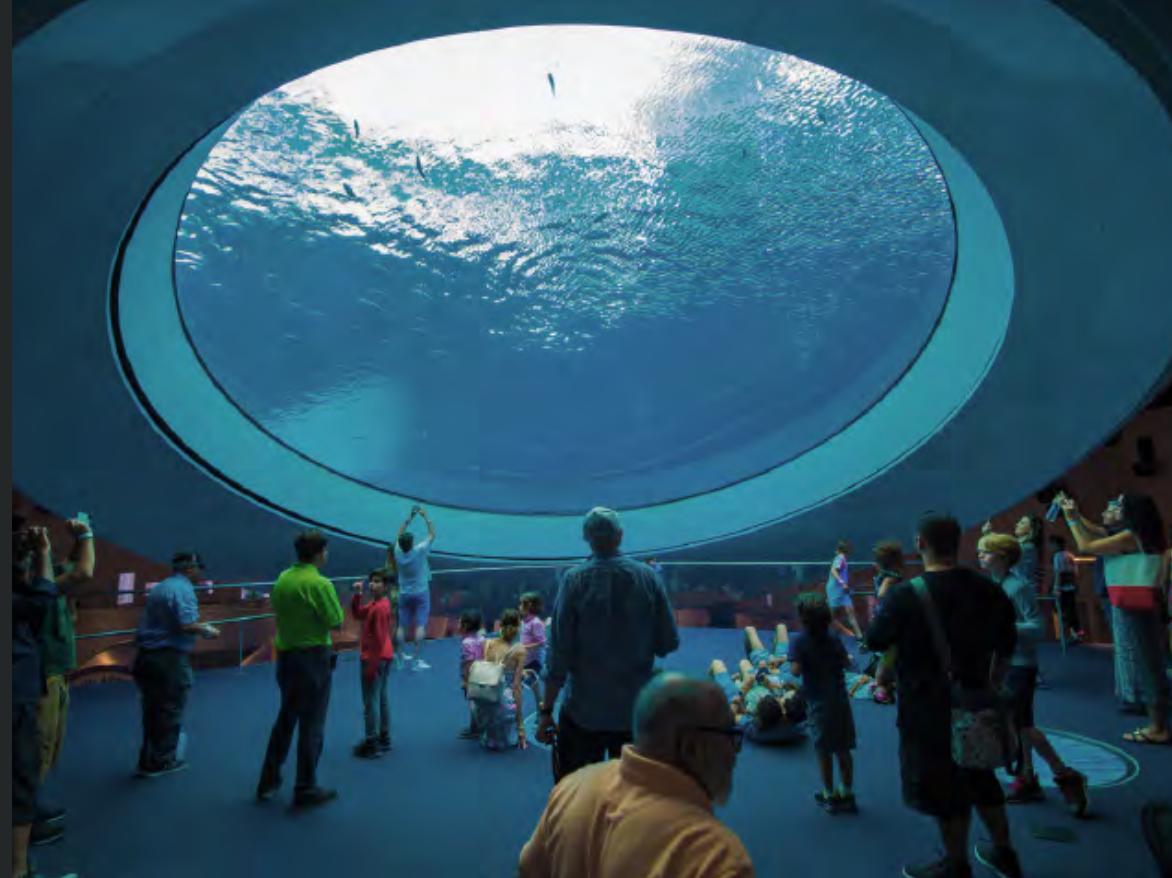

PAMM

El Perez Art Museum Miami (PAMM) es un museo de arte moderno y contemporáneo dedicado a colecciones y exposiciones de arte internacional de los siglos XX y XXI. Las exposiciones ponen de relieve la diversidad de la comunidad de Miami y su ubicación geográfica fundamental en los momentos decisivos de las Américas.

+250K

VISITANTES ANUALES

FROST MUSEUM

En sus 250,000 pies cuadrados alberga una de las únicas instituciones del mundo que cuenta con un planetario de última generación y un acuario de vanguardia. Está emplazado en cuatro acres de terreno con vistas a la bahía de Biscayne y rodeado por el deslumbrante horizonte del centro de Miami.

+250K
DE PASAJEROS ANUALES

MIAMI WORLDCENTER

En casi 30 acres situados en el corazón del centro de Miami, Miami Worldcenter es el mayor desarrollo de usos diversos de Estados Unidos después del Hudson Yards de Nueva York. El proyecto de diez manzanas incluirá usos comerciales, hoteleros y residenciales de primera clase en el centro del núcleo urbano de Miami. En total, se prevé que el proyecto involucrará \$3,000 millones en nuevas inversiones en el centro de Miami.

\$3B
EN NUEVAS INVERSIONES EN EL CENTRO DE MIAMI

FTX MIAMI

FTX Arena, sede de los Miami Heat, es un recinto internacional y versátil situado en un vibrante entorno costero. FTX Arena se encuentra en el centro del floreciente Downtown Miami y el Entertainment District, y es sede cada año de más de ochenta eventos no relacionados con el baloncesto, que incluyen conciertos de primera línea, espectáculos familiares, eventos deportivos, conferencias nacionales y mucho más.

2M
DE PASAJEROS ANUALES

MUSEUM PARK

Museum Park es sede de muchos eventos de gran envergadura, ya que puede recibir a unas 45,000 personas. Su renovación implicó un costo de \$10 millones e incluyó un nuevo paseo por la bahía y otro marítimo desde Biscayne Boulevard hasta la Bahía de Biscayne con acceso peatonal a los museos y las maravillosas vistas de la bahía.

1M
DE PASAJEROS ANUALES

MIAMI I-395

Las mejoras en la interestatal I-395 van desde el empalme SR 836/I-95/I-395 (Midtown) hasta MacArthur Causeway, con una longitud aproximada de 1.4 millas. El proyecto reconstruirá por completo las instalaciones existentes y creará un puente emblemático que se extenderá por 1,025 pies sobre NE 2 Avenue y SR5/Biscayne Boulevard, con lo cual redefinirá el horizonte de Miami con sus seis amplios arcos.

MIAMI BAYLINK

Se logrará una mayor conectividad entre el centro de Miami y las atracciones de la ciudad de Miami Beach a través de Baylink, el transporte rápido en autobús (BRT, por sus siglas en inglés) y los taxis acuáticos.

Ampliación del servicio de Metrorail para conectar el centro de Miami con el Aeropuerto Internacional de Miami y otras importantes atracciones de la ciudad, como el estadio de los Miami Marlins y la Universidad Internacional de Florida.

BRIGHTLINE

Este servicio ferroviario de alta velocidad está diseñado para conectar el sur de Florida con su centro; así elimina el tránsito en la carretera y ofrece a millones de viajeros una forma ecológica de desplazarse. En la actualidad, Brightline conecta a pasajeros de Miami, Fort Lauderdale y West Palm Beach, y en 2022 se conectará con Orlando con el objetivo posterior de conectar Orlando con Disney World y Tampa.

UN CRECIENTE ATRACTIVO MUNDIAL

Con su atractivo magnético, Miami siempre ha sido un refugio para quienes buscan aventura y relajación. Ahora, con su próspera comunidad tecnológica y su creciente número de nuevas empresas innovadoras, Miami se está convirtiendo con rapidez en un centro mundial para empresas que dejan huella. Esta dinámica única de negocios globales en un entorno inigualable hace de Miami el destino mundial por excelencia.

EL EQUIPO ARIA DEVELOPMENT

ARIA DEVELOPMENT GROUP es una firma de inversión y promoción inmobiliaria con participaciones en la Ciudad de Nueva York, Washington, DC y Miami. Los socios Joshua Benaim, David Ardit y Timothy Gordon fundaron Aria en 2009.

La firma combina una estrategia clásica de inversión de valor con los principios inmobiliarios de ubicación, escasez y belleza. Aria se enfoca en construir y adquirir propiedades multifamiliares, hoteleras, minoristas y de uso mixto de primer nivel.

Los proyectos de promoción de Aria se centran en la creación de propiedades de uso mixto y multifamiliares de relleno urbano distinguidas en vecindarios excelentes. Entre las promociones destacadas se incluyen:

321 Ocean en Miami Beach

The Bond y The Alden en Washington DC

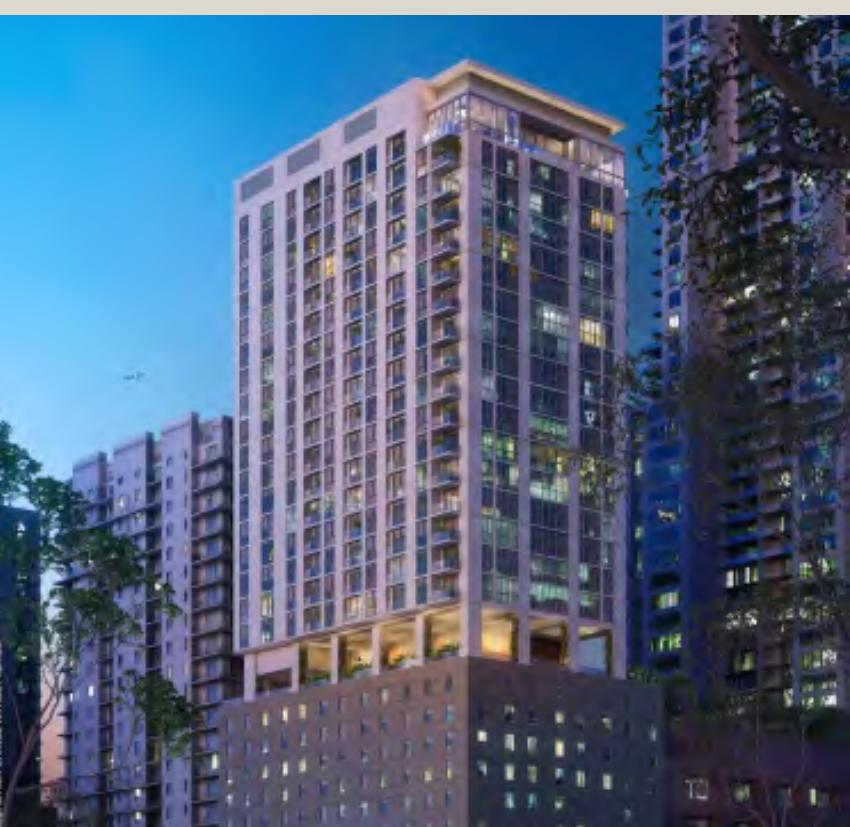

465 Pacific en Boerum Hill, Brooklyn, NY.

EL EQUIPO REVUELTA ARCHITECTURE INTERNATIONAL

Revuelta Architecture International se fundó con el compromiso de proporcionar a nuestros clientes diseños de calidad equilibrados con soluciones sostenibles y económicamente viables, entregadas dentro de plazos estrictos. Esta filosofía, durante las últimas dos décadas, ha sido la piedra angular del éxito de muchos de nuestros proyectos. Nos hemos asociado con los principales promotores locales y nacionales en el diseño y la creación de algunos de los principales proyectos residenciales, comerciales, hoteleros, concesionarios de automóviles y proyectos de uso mixto más importantes del sur de Florida.

EL EQUIPO RUTOIS INTERNATIONAL REALTY

El equipo de Rutois International Realty, liderado por su fundador el Sr. Daniel Rutois, se ha convertido en los últimos años, en la empresa líder en ventas de proyectos de pre-construcción.

Representando a los mejores desarrolladores del país, y consiguiendo ser la empresa con más unidades vendidas, en proyectos que después de un profundo análisis, aceptan representar.

Entre los años 2014/ 2016 y en solo 3 proyectos, el Sr. Rutois individualmente ha vendido más de US\$50,000.000.00, a esta importante cantidad, se le debe sumar las ventas realizadas por sus asociados especializados.

Como pudo comprobar navegando por esta página, son muy pocos los proyectos que han aceptado representar en los últimos años; si un proyecto o desarrollo es aceptado, tendrá el respaldo de una empresa líder, con una reputación imposible de igualar, a eso debe sumarle el respaldo del que hoy los medios de comunicación llaman el nuevo GURU financiero de Estados Unidos.

Hace 29 años el Sr. Rutois, representa a inversores de todas partes del mundo; a partir del año 2001 comenzó a ser sus predicciones financieras, y hasta la fecha como lo puede corroborar en decenas de medios de comunicación, ha acertado cada una de ellas, lo que le hizo ganar el título de GURU financiero.

These drawings are conceptual only and are for the convenience of reference. They should not be relied upon as representations, express or implied, of the final detail of the residences. Units shown are examples of unit types and may not depict actual units. Stated square footages are ranges for a particular unit type and are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the area that would be determined by using the description and definition of the unit set forth in the declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). Note that measurements of rooms set forth on this floorplan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regards for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.

Note that measurements of rooms set forth on this floorplan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regards for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.

501

FIRST
RESIDENCES

These drawings are conceptual only and are for the convenience of reference. They should not be relied upon as representations, express or implied, of the final detail of the residences. Units shown are examples of unit types and may not depict actual units. Stated square footages are ranges for a particular unit type and are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the area that would be determined by using the description and definition of the unit set forth in the declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). Note that measurements of rooms set forth on this floorplan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regards for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.
